

Did you know that Košice Region has more than 80 locations that have appeared in nearly 50 Slovak and international movies? On the occasion of the 30<sup>th</sup> Art Film International Film Festival, we invite you directly from the red carpet to the Walk of Filming Locations, where you will discover the filming locations carefully selected by the eye of a director or location scout. Experience film tourism right on site, where film clappers with interesting information await you. You can find details about the filmmakers, cast and production in written and audio form in the Smart Guide app. The topic of filming locations has been elaborated by Tomáš Galierik – the author of several publications on film production in Slovakia. Details from the filming can be found in the app, which serves as a great guide and a useful tool for discovering other famous filming locations in the region.
